Calcutt Spring REACH STEM Sailing Proposal – 3/5/15

Thank you for your interest in helping integrate STEM into our full season of classroom and hands-on sailing programs. We are thrilled at the prospect of having more STEM sponsored youth connect with Narragansett Bay and make use of our facility as a “waterfront classroom” and natural extension of the school day. We look forward to a great season of expanded learning. Included please find our proposal for your review and approval:
